## **Part 2: Reflection**

Which career/occupation might be the best fit for you?

Why do you think this career/occupation is a good fit for you?

What are some examples of skills and interests you have that are well-suited to this career, and/or you are interested in developing?

What is one thing that surprised you while doing this research?

What are the courses you should take in your grade 11 and 12 years in order to prepare yourself for the career/occupation you hope to pursue?

What are the non-school related skills you should develop in order to prepare yourself for the career/occupation you hope to pursue?
