

# PERSONAL SURVEYS AND OCCUPATION COMPATIBILITY: MYBLUEPRINT

**Name:** \_\_\_\_\_

By completing the Who Am I surveys in MyBlueprint, you will begin to reflect on your interests, passions, and skills. These surveys will provide information that will allow MyBlueprint to suggest occupations (careers) that might suit you. This is not a perfect process since our thoughts and feelings change all the time, and you may be interested or skilled in areas that aren't considered by a particular survey - don't worry! These are just starting points to help you get ideas and to take a snapshot of part of you at this point in time. You can use this website in the coming years to help you refine and research as you prepare for your future, whatever direction you wish to take.

On the MyBlueprint home page (once you have logged in), **click on Who Am I** on the left hand side. This will take you to the Surveys page. Begin with the Learning Styles, record your results, and move on to the next survey. More will be unlocked as you go.
